# Special Menu

Prefer something beyond fajitas? Select 4 to 5 dishes from our regular menu. Each guest chooses one dish — individually plated and served restaurant-style.

### HOW IT WORKS

#### 1 Choose your options

Select 4 to 5 dishes from our regular menu.

#### 2 Each guest picks one

At the event, every guest chooses one dish from your list — prepared fresh and served individually.

#### 3 Transparent estimate

Your proposal uses the highest-priced dish among your options (the maximum per guest). The final bill reflects what each guest actually orders — often less.

Example: If your five options range from \$14.95 to \$21.95, your proposal is estimated at \$21.95 per guest. Your final total is based on what each guest orders, so it may come in lower.

### PLEASE NOTE

Soft drinks, sales tax, and service charge are not included. A deposit is required to secure your date (refundable up to 24 hours prior). Share any food allergies when booking. Prices subject to change.
